# LADIES, LET'S TALK

*Looking at the Divine Mercy Pastorate Menu, what stands out to you?*

- Excited for what is available to high school age students
- Being with like-minded, enthusiastic people that desire to learn about the faith
- Include more welcome for RCIA - bulletin & social media
- Shocked how many opportunities already exist - want better communication & promotion.
- Options for all ages & all stages of life are available

*What are we missing on the Menu?*

- Single, divorced, and widowed outreach - support that is age appropriate
- Altar society for women in all parishes
- Welcome new parishioners
- Provide child care & parenting classes
- Community event calendar - what & where

*Outreach to the homebound, nursing home, and hospice are a priority. How can we do better?*

- Share testimonies on the amazing connections that are created
- Identify those that have left and follow up with them
- Make this important outreach pastorate wide
- Surface the names of people who want a visit or communion
- If something is coordinated in the nursing home, invite area seniors to attend

**DIVINE MERCY**  
PASTORATE
